New York & New Jersey
Pain Medicine Congress
Evolving Advanced Pain Therapies

Presents:

New York & New Jersey Pain Medicine Congress

Evolving Advanced Pain Therapies

The Hyatt Regency, Jersey City, New Jersey
November 5-8, 2026

This educational activity has been a joint collaboration between

DANNEMILLER™ Healthcare Education

New York & New Jersey
Pain Medicine Congress
Evolving Advanced Pain Therapies

Supported by an educational grant from:
Boston Scientific
Abbott
Stryker

In-Kind equipment provided by:
Clint – lead aprons
GE – ultrasound machines
RGS – ultrasound machines

Intended Audience

This educational activity is designed for healthcare providers who specialize in pain medicine as well as those who provide pain therapy care (MD, DO, NP, PA, RN).

Learning Objectives

Upon completion of this activity, the participant should be able to:

- **Evaluate** new and established techniques in interventional pain management to optimize treatment for patients with chronic or acute pain syndromes.
- **Analyze** emerging trends and interpret the latest available data to enhance state-of-the-art medical services.
- **Identify** educational gaps and integrate updated information to improve patient outcomes.
- **Apply** evidence-based medicine to support physicians in selecting appropriate patients for therapies.
- **Develop** a structured format for information sharing and feedback among healthcare professionals.

Statement of Need

Interventional Pain management incorporates interventional treatment options for patients to reduce or eliminate the need for chronic conventional medication management (and/or opiate therapy). Interventional treatment options include spinal cord stimulation, peripheral nerve stimulation, vertebral augmentation, radiofrequency nerve ablation, etc. Since Interventional Pain Management is such a juvenile specialty, very few pain management physicians and anesthesiologists have gone through specific interventional fellowships and residencies. Training in the proper patient selection and utilization of these therapies is limited. Interventionalists need to attend and participate in training programs to receive education and skill-based training in options available for patients.
Additionally, new guidelines are emerging.

It is important for the experts in the field to share the most current information and data available to assist physicians in selecting the right patients and right therapies to improve patient outcomes. Vital topics to be discussed are: New Innovations, Establishing Protocols, Neuromodulation, Complicated Cases, Intrathecal Drug Delivery, Conflicting Evidence and Research. At the conclusion of this meeting, attendees will develop rational guidelines to assist in improving access to care and treatment outcomes for chronic pain patients.

Accreditation Statements

JOINTLY ACCREDITED PROVIDER
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Dannemiller and New York & New Jersey Pain Symposium, Inc. Dannemiller is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

Dannemiller designates this live activity for up to 28 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses

Dannemiller designates this educational activity for up to 28 CE contact hours. Nurses and Nurse Practitioners should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants

PA
AAPA CATEGORY 1 CME

Dannemiller has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for up to 28 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Method of Participation

Participants should first read the objectives and other introductory CME/CE information and then proceed to the educational activity. If a pre- and post-test are required in order to receive credit for this activity, participants must complete the post-test with a passing score of 80% and then complete the evaluation. To receive credit for this activity, complete and submit the evaluation at:
http://www.dannemiller.com/activity/2020/

Credit is provided through December 9, 2026. No credit will be given after this date.

In the event you have questions about this activity or are unable to retrieve the certificate, please e-mail cme@dannemiller.com and a certificate will be emailed within 2 weeks.

Disclosures

In accordance with the Accreditation Council for Continuing Medical Education (ACCME) Standards for Integrity and Independence, Dannemiller requires that any person who is in a position to control the content of a CME activity must disclose all financial relationships they have with an ineligible company within the last 24 months. If an individual refuses to disclose, they are disqualified from participating within the activity. The disclosures are evaluated for relevance. All relevant financial relationships have been mitigated. The resulting certified activity was found to provide educational content that is current and evidence-based to protect learners from commercial bias and marketing.

The following faculty stated they have no financial relationships with ineligible companies:

- PLEASE SEE PAGE 7

The following faculty members have financial relationships with ineligible companies:

- PLEASE SEE PAGE 8

Alexandra Vamos, NYNJ Project Manager, stated she has no financial relationships with ineligible companies. Kim DuQue Urdialez – Dannemiller Project Manager, has no financial relationships with ineligible companies.

Off-label Statement

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by FDA. The opinions expressed in the educational activity are those of the faculty. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings. Further, attendees/participants should appraise the information presented critically and are encouraged to consult appropriate resources for any product or device mentioned in this program.

Disclaimer

The content and views presented in this educational activity are those of the authors and do not necessarily reflect those of Dannemiller, New York & New Jersey Pain Symposium, Inc. This material is prepared based upon a review of multiple sources of information, but it is not exhaustive of the subject matter. Therefore, healthcare professionals and other individuals should review and consider other publications and materials on the subject.
